

Generate CST patient lists using Sonic Dx

Sonic Dx Custom Views allow you to generate a list of CST patients, including risk category, for easy patient follow-up.

- 1 Open Sonic Dx on your desktop
- 2 Click on **Tools**
- 3 Click on **Custom Views**
- 4 Click on the **Select Custom View** drop-down box and select **CST Screening Summary**

- 5 Complete the **From** and **To** dates
- 6 Click on **Display** to view your summary on screen, or **Download** to generate a Microsoft Excel file

- 7 Click on the **Episode number** if you wish to view any of the reports (pop-ups need to be activated to view the report)

Date Col	Given Name	Surname	DOB	Ref	Dr	Episode	History	Risk	Rec 1	Rec 2	Rec 3	Specimen
